Good afternoon Mark,

Thank you for speaking with me earlier today in reference to the potential LEARN Magnet School proposed for the old Southwest Elementary School property on Daniels Ave. in town. LEARN representatives and the project architects have been in discussions and meetings with the police department in regards to the traffic pattern, parking lot and overall safety and security for the project since we first received design plans from your office. The police department requested a few changes to the original traffic pattern/parking lot plan and LEARN has been very accommodating in our requests. I do believe your office has received a revised traffic pattern/parking lot plan from LEARN as a result of our meetings and requests, to which our concerns have been satisfied by the adjustments.

Should you need me for any meetings and or additional information, please feel free to contact me at any time.

Thank you,

Marc Balestracci
