Respectfully Submitted,

David L. Campo, CCTC
Town Clerk

*Amendments: CALL ITEM 3 was moved by Olynciw and seconded by Muckle not vice versa. CALL ITEM 10 failed to note two withdrawn motions for School Building Committee. CALL ITEM 13 should not of noted an attachment.
RESOLUTION OF THE REPRESENTATIVE TOWN MEETING
OF THE TOWN OF WATERFORD

AUTHORIZING THE ISSUANCE OF REFUNDING BONDS FOR PAYMENT OF ALL OR A PORTION OF THE OUTSTANDING PRINCIPAL OF AND INTEREST AND ANY CALL PREMIUM ON THE TOWN'S OUTSTANDING $15,640,000 GENERAL OBLIGATION BONDS, ISSUE OF 2012, DATED AS OF MARCH 1, 2012, AND COSTS RELATED THERETO

RESOLVED,

(a) That the Town of Waterford issue its refunding bonds, in an amount not to exceed ELEVEN MILLION DOLLARS ($11,000,000), the proceeds of which are hereby appropriated: (1) to fund one or more escrows, and to apply the balance held in such escrows, together with the investment earnings thereon, to the payment in whole or in part, as to be determined by the First Selectman and the Director of Finance of the Town, of the outstanding principal of and interest and any call premium on the Town's $15,640,000 General Obligation Bonds, Issue of 2012, dated as of March 1, 2012 (consisting at original issue of $15,640,000 School Bonds), and Costs Related Thereto including the payment of interest accrued on said bonds to the date of payment, and (2) to pay costs of issuance of the refunding bonds authorized hereby, including legal fees, consultants' fees, trustee or escrow agent fees, underwriters' fees, bond insurance premiums, net interest and other financing costs and other costs related to the payment of the outstanding bonds described above. The refunding bonds shall be issued pursuant to Section 7-370c of the General Statutes of Connecticut, Revision of 1958, as amended, and any other enabling acts. The bonds shall be general obligations of the Town secured by the irrevocable pledge of the full faith and credit of the Town.

(b) That the First Selectman and the Director of Finance of the Town shall sign the bonds by their manual or facsimile signatures. The First Selectman and the Director of Finance are authorized to determine the bonds to be redeemed and the amount, date, interest rates, maturities, redemption provisions, form and other details of the refunding bonds; to designate one or more banks or trust companies to be certifying bank, registrar, transfer agent and paying agent for the bonds and escrow agent with respect to the refunding escrow or escrows to be funded with proceeds of the bonds; to provide for the keeping of a record of the bonds; to sell the bonds at public or private sale; to deliver the bonds; and to perform all other acts which are necessary or appropriate to issue the bonds.

(c) That the Town hereby declares its official intent under Federal Income Tax Regulation Section 1.150-2 that costs of the refunding may be paid from temporary advances of available funds and that (except to the extent reimbursed from grant moneys) the Town reasonably expects to reimburse any such advances from the proceeds of borrowings in an aggregate principal amount not in excess of the amount of borrowing authorized above for the refunding. The First Selectman and the Director of Finance are authorized to amend such declaration of official intent as they deem necessary or advisable and to bind the Town pursuant to such representations and covenants as they deem necessary or advisable in order to maintain
the continued exemption from federal income taxation of interest on the bonds authorized by this
resolution, if issued on a tax-exempt basis, including covenants to pay rebates of investment
earnings to the United States in future years.

(d) That the First Selectman and the Director of Finance are authorized to make
representations and enter into written agreements for the benefit of holders of the bonds to
provide secondary market disclosure information, which agreements may include such terms as
they deem advisable or appropriate in order to comply with applicable laws or rules pertaining to
the sale or purchase of such bonds.

(e) That the Representative Town Meeting, the First Selectman, the Director of Finance
and other proper officers and officials of the Town are authorized to take all other action which
is necessary or desirable to enable the Town to effectuate the refunding of all or a portion of the
Town's outstanding $15,640,000 General Obligation Bonds, Issue of 2012, dated as of March 1,
2012, and to issue refunding bonds authorized hereby for such purposes, including, but not
limited to, the entrance into agreements on behalf of the Town with underwriters, trustees,
escrow agents, bond insurers and others to facilitate the issuance of the refunding bonds, the
escrow of the proceeds thereof and investment earnings thereon, and the payment of the
outstanding bonds in whole or in part.

(f) That the above authorization to issue refunding bonds shall lapse on December

Mr. Thomas Dembek, Moderator
Representative Town Meeting
15 Rope Ferry Road
Waterford, CT 06385

Dear Moderator Dembek:

At the meeting of the Board of Finance held, Wednesday, January 8, 2020, it was voted to recommend to the Representative Town Meeting, an appropriation in the amount of $25,000.00 from the Capital and Non-Recurring designated LI# 20547-57790 – (Town Wide Wifi) for the Library and Police Station.

I respectfully request you place this item on the agenda of the next meeting of the Representative Town Meeting. Copies of backup justification are attached hereto.

Respectfully submitted,

Ronald R. Fedor, Chairman
Board of Finance

DESCRIPTION AND JUSTIFICATION (describe the type, purpose & anticipated accomplishments of the project)
The Town-wide WiFi upgrade allows for each municipal building to have a networked, robust WiFi system in place. Each building would have a municipality workers’ “side” and a public “side” of the WiFi system, allowing for maximum efficiency for both phases of the operation. The library and police department, intended to be the last phase of a three-phase implementation were put off last year to save money, they are requested again this year. There are two quotes attached and an additional $5,000 was added for wiring and electrical needs.

By placing an order with ePlus for products or services you agree to comply with the Terms and Conditions for Purchasing Products and Services located at http://www.eplus.com/terms-and-conditions/Pages/Products-Services-Terms-and-Conditions.aspx (the "Terms"). Unless there is a separate written agreement signed on behalf of both you and ePlus, the Order Terms shall be the only terms and conditions applicable to transactions between you and ePlus, and no additional or contrary terms referenced in a purchase order, document, or electronic communication shall apply. In no event shall ePlus performance under a purchase order be deemed to constitute acceptance of any terms and conditions set forth therein.

Thank you for your inquiry. Recent US govt tariffs assessed to Chinese imports are causing price increases for many IT products, with little or no notice, and beyond ePlus control. As a result, this quote is subject to change without notice, even before the expiration date reflected above. Please confirm pricing prior to order placement. Unless freight amount is indicated, or is zero, freight will be added to the invoice. Unless Bill-To company is exempt from Sales Tax, it will be added to the invoice. Extended Warranties and Professional Services are available.

1. DESCRIPTION AND JUSTIFICATION (describe the type, purpose & anticipated accomplishments of the project)
Networking equipment that ties the Town's network together. Without the equipment, the network is not functional. The current equipment is located at Town Hall and the EOC and were approximately 10 years old and were used (BOE turnover) when installed. The switches were from Clark Lane Middle School and Waterford High School. One switch was being replaced in FY18 and the other in FY19, this request is to double them for redundancy in FY 20. Switch technology has changed and the cost has gone down, as the switches and blades are now encapsulated in one unit (original 2020 request was for 27,200 in Capital).

2. PROJECT STATUS IF IN PROGRESS
2/3 year project

3. LIST OTHER PROJECTS WITHIN YOUR DEPARTMENT OR ANOTHER DEPARTMENT THAT WILL BE IMPACTED BY THIS REQUEST
All Town Departments are impacted

4. DESCRIBE THE IMPACT ON DEPARTMENT OPERATING BUDGET (include cost estimate if applicable)

5. GRANT FUNDING/OTHER FUNDING, if applicable (detailed explanation of grant/other funding, including the amount, source of funding, status, town match, if any. Attach award letter if available)

6. ATTACH PLAN ESTIMATE, SERVICE AREA MAP AND/OR OTHER SUPPORTING DOCUMENTATION (if none, simply state that in the area below)

Mr. Thomas Dembek, Moderator
Representative Town Meeting
15 Rope Ferry Road
Waterford, CT 06385

Dear Moderator Dembek:

At a meeting of the Board of Finance held, Wednesday, December 11, 2019, it was voted to recommend to the Representative Town Meeting an appropriation in the amount of $100,000 from Capital and Non-Recurring Designated Line Item #20511-57840 Plan of Conservation and Development. Every ten years Connecticut municipalities are required to update their POCD’s. Waterford’s last comprehensive update was in 2012. An update is required by 2022.

I respectfully request you place this item on the agenda of the February meeting of the Representative Town Meeting. Copies of backup justification are attached hereto.

Sincerely,

[Signature]
Ronald Fedor, Chairman
Board of Finance

Mr. Ronald Fedor  
Chairman  
Board of Finance  
15 Rope Ferry Road  
Waterford, CT 06385  

RE: Planning Department appropriation request

Dear Chairman Fedor,

The Board of Selectmen, at their meeting on Tuesday, November 19, 2019 voted to approve the following request:

**Planning Department**: To consider and act on a request from, Abby Piersall, Director, for an appropriation in the amount of **$100,000** from Capital and Non-recurring designated line #20511-57840—*Plan of Conservation Development*, and forward onto the Board of Finance as required.

Therefore, I respectfully request that you consider and act on this request.

Sincerely,

Robert J. Brule  
First Selectman
MEMORANDUM

TO: Daniel Steward, First Selectman

FROM: Abby Y. Piersall, AICP, Planning Director

DATE: November 13, 2019

TITLE: Request an appropriation in the amount of $100,000 from Capital and Non-Recurring Designated Line 20511-57840 for the Plan of Preservation and Conservation Development (POCD) update.

This request is to appropriate $100,000 which was designated in the FY2020 CNR line 20511-57840. The appropriation is necessary to allow the Planning & Zoning Commission to move forward with the Plan of Preservation and Conservation Development (POCD) update. Once funds are appropriated the commission will establish a committee to work on the project and proceed with bidding the work. Enclosed you will find supporting documentation submitted during the FY2020 Capital Budget Review that describes the project in greater detail.

PROJECT NAME
Plan of Conservation, Preservation and Development Update

DEPARTMENT PRIORITY

DESCRIPTION AND JUSTIFICATION (describe the type, purpose & anticipated accomplishments of the project)

This request is to fund an update to Waterford’s Plan of Conservation, Preservation and Development (POCD) as required by CGS Chapter 126 §§2-23. Every 10 years, Connecticut municipalities are required to update their POCDs. Waterford’s last comprehensive update was in 2012. An update is required by 2022. A survey of other CT towns that recently completed or have funded POCD updates was conducted. Budgets for scopes of work similar to Waterford’s project ranged from $40,000 to $140,000. Most communities spent close to $100,000 on their updates. $100,000 is requested to ensure that the 2022 update includes significant public outreach and a comprehensive review of Waterford’s priorities for future growth.

PROJECT STATUS IS IN PROGRESS
Not started.

MEMORANDUM

TO: Daniel Steward, First Selectman

FROM: Abby Y. Piersall, AICP, Planning Director

DATE: September 27, 2018

TITLE: Capital Improvement Program Funding Request for Comprehensive Update to the Waterford Plan of Conservation, Preservation and Development

This request is to fund an update to Waterford’s Plan of Conservation, Preservation and Development (POCD) as required by CGS Chapter 126 §8-23. Every 10 years, Connecticut municipalities are required to update their POCDs. Waterford’s last comprehensive update was in 2012. An update is required by 2022.

Staff recommends allowing 14-18 months to develop the POCD update. This timeframe allows adequate time for data analysis, synthesis of studies completed in the last ten years, meaningful public participation, development of measurable goals and objectives, and revisions before presenting a final plan for adoption. Having funding available in FY20 would allow staff to manage the update process and prepare for adoption in late 2021.

The anticipated timeframe for this update is as follows:
- CIP funds become available July 1, 2019.
- Summer-Fall 2019: Establish committee to guide POCD update process.
- February 2020: Develop RFP for consulting services.
- April 2020: Advertise RFP.
- May-June 2020: Select Consultant and award contract.
- July 2020: Begin work.
- February 2021: Finalize draft plans and distribute for review.
- March-June 2021: Final plan revision.
- Fall 2021: Adoption.

This schedule affords the town adequate time to develop the best possible product. The POCD is the guiding plan for land use decisions throughout town. Regulations, development, grants, and special projects are all evaluated based on how they conform to the POCD. Our current POCD outlines a vision and goals to balance development, environmental protection, and community character. The POCD
update provides an opportunity to evaluate our progress and to provide a path to meet a range of development and conservation goals. The quality of the POCD and the specificity of the goals and objectives is a critical component to proactively preserving town resources and realizing a future vision for the Town. Important goals of the POCD update include developing recommendations and methods to implement a more robust economic development program, addressing housing needs, reviewing open space and conservation opportunities, and continuing to address resiliency.

Staff is requesting $100,000 to complete this plan. This estimate is based on a survey conducted in August of 2018 through the CT Planning Professionals Listserv. Seven communities responded to a request to share the scope of work and cost of recent POCD updates. Six of the communities responded with costs ranging from $80,000 to $140,000. Towns responding included Plainville, Woodbury, Canton, Stonington, Simsbury, and Branford. The City of Groton estimated $39,000, however the City’s scope of work involved less public outreach and fiscal impact analysis than is anticipated for Waterford’s project. Towns completing comprehensive revisions generally spent $100,000.
January 22, 2020

Mr. Thomas Dembek, Moderator
Representative Town Meeting
15 Rope Ferry Road
Waterford, CT 06385

Dear Moderator Dembek:

At the meeting of the Board of Finance held Tuesday, January 21, 2020, it was voted to recommend to the Representative Town Meeting, an appropriation in the amount of $26,000 from Line Item #205-31520 – Undesignated Fund balance, to purchase real estate located at 13 Parkway Drive, based upon its consistency with the Capital Improvement Plan.

I respectfully request you place this item on the agenda of the next Representative Town Meeting. Copies of backup justification are attached hereto.

Respectfully Submitted,

[Signature]
Ronald R. Fedor, Chair
Board of Finance

Town Clerk
MINUTES
BOARD OF SELECTMEN
Regular Meeting
Tuesday, January 21, 2020 5:00pm
Waterford Town Hall

(Procedural Action: Check register to be signed by Board of Selectmen in accordance with CGS 7-83)

Members Present: First Selectman Robert Brule; Selectwoman Jody Nazarchyk and Selectwoman Elizabeth Sabilia.

Staff Present: Interim Finance Director, Don Gray.

1. Call to order. First Selectman Brule called the meeting to order at 5:00 pm.

2. Public Comment:

3. Selectman’s Office:

3a. To consider and act on a proposal to purchase real estate located at 13 Parkway Drive for recreation and open space purposes and appropriate $26,000 for said purchase from Line Item # 205-31520 Undesignated Fund Balance, based upon its consistency with the Capital Improvement Plan and move forward to the Board of Finance as required.

MOTION was made by Ms. Nazarchyk and seconded by Ms. Sabilia to approve the request as stated. VOTE: 3-0

3b. Acceptance of Parkway South

To consider and act on a proposal from the State of Connecticut Department of Transportation to convey and the Town of Waterford accept six (6) parcels that are known as Waterford Parkway South and to authorize First Selectman, Robert Brule to sign, on the Town’s behalf, subject to approval by Town Attorney as to content and form and to move forward to the RTM as required.

Town Attorney Avena updated the board on information still needed from the State and recommended postponement of action until next regular meeting.
Minutes, Board of Selectmen
1/21/20 Regular Meeting
Page 2

MOTION was made by Ms. Nazarchyk and seconded by Ms. Sabilia to table the request until the February 4, 2020 regular meeting. VOTE: 3-0

4. Emergency Management: To consider and act on the following resolution required for the Regional Emergency Planning Team (REPT) Funding through the 2019 Homeland Security Grant Program:

RESOLVED, that the Board of Selectmen may enter into with and deliver to the State of Connecticut Department of Emergency Services and Public Protection, Division of Emergency Management and Homeland Security any and all documents which it deems to be necessary or appropriate; and

FURTHER RESOLVED, that Robert J. Brule as First Selectman of the Town of Waterford is authorized and directed to execute and deliver any and all documents on behalf of the Town of Waterford, CT and to do and perform all acts and things which he deems to be necessary or appropriate to carry out the terms of such documents, including, but not limited to, executing and delivering all agreements and documents contemplated by such documents.

MOTION was made by Ms. Nazarchyk and seconded by Ms. Sabilia to approve the request as stated. VOTE: 3-0

5. Appointments and Resignations:

5a. Appointment: To consider and act on the appointment to Donald Gray as Interim Finance Director of the Town of Waterford effective immediately.

MOTION was made by Ms. Nazarchyk and seconded by Ms. Sabilia to approve the request as stated. VOTE: 3-0

6. Disposition of Town Property (Ordinance, Chapter 2.112.020):

7. Tax Collector: To consider and act on a request from Alan Wilensky, Tax Collector for the following out of series transfer and forward onto the Board of Finance as required:

MOTION was made by Ms. Nazarchyk and seconded by Ms. Sabilia to approve the request as stated. VOTE: 3-0

8. New Business:

9. Correspondence:

9a. Letter from Joshua Steele Kelly resigning from the Conservation Commission effective 1/31/2020.

MOTION was made by Ms. Nazarchyk and seconded by Ms. Sabilia to approve the request as stated. VOTE: 3-0

10. Consent Agenda:
10.a. Tax Refunds - none
10.b. Meeting Minutes: 1-7-2020 meeting - approved

11. There being no further business to come before the Board, and upon a motion made by Ms. Sabilia and seconded by Ms. Nazarchyk, the Meeting of the Board of Selectmen was adjourned at 5:24 pm.

Respectfully submitted,

[Signature]
David L. Campo
Recording Secretary
CONTRACT OF SALE

CONTRACT OF SALE, made this 17th day of December, 2019, between Carol Caulfield and the Estate of Joseph C. Caulfield, of Waterford, Connecticut 06385, hereinafter throughout described as the SELLER, and the TOWN OF WATERFORD, a municipal corporation located in the County of New London, State of Connecticut, acting hereby by Robert J. Brule, its First Selectman, hereinafter throughout described as the BUYER,

WITNESSETH:

THAT the Seller agrees to sell and convey upon the conditions herein, and the Buyer agrees to purchase, all that certain real property, hereinafter referred to as the premises, known as 13 Parkway Drive; Property ID #2443195, Waterford, Connecticut, as more particularly described on Schedule "A" attached hereto.

1. CONSIDERATION

The purchase price is Twenty Five Thousand and No/100 Dollars ($25,000.00):

A. Upon the signing of this contract by both Seller and Buyer, a deposit of Five Hundred and No/100 Dollars ($500.00) to be held by Partner Network Real Estate, real estate agent for Seller;

B. By bank check or money draft at the time of the delivery of the deed, as hereinafter provided Twenty Four Thousand Five Hundred and No/100 Dollars ($24,500.00); balance

TOTAL PRICE: $25,000.00
2. CONDITIONS PRECEDENT TO PERFORMANCE

The Buyer's obligations to purchase the Premises is conditioned upon the Buyer obtaining the following reviews and approvals which shall be regarded as conditions precedent to performance:

A. The Buyer must obtain approvals from the Waterford Board of Finance, Board of Selectmen, Representative Town Meeting and Planning and Zoning Commission.

B. Upon execution of this agreement, the Buyer will immediately seek said approvals, and in the event the Buyer is unable to receive said approvals on or before February 15, 2020, this agreement shall terminate, the deposit shall be returned to the Buyer, and thereafter, the parties shall have no further obligations to each other under the terms of this agreement.

C. Probate Court approval.

3. DEED

The deed of conveyance shall be a full covenant Connecticut Warranty Deed and Executor's Deed, and shall be duly executed and acknowledged by the Seller, conveying all title in and to said premises. The Buyer shall be responsible for any expenses of recording said Deed.

4. ADJUSTMENTS

Taxes, assessments and other municipal charges and similar charges, shall be apportioned in the manner customarily used in the
town where the premises are located as of the date of the delivery of the deed as herein provided. If delivery of said deed shall take place before any tax, assessment, or rate is determined, the last determined tax, assessment or rate shall be used for the purpose of apportionment.

5. **RISK OF LOSS**

The risk of loss or damage to the premises until the time of the delivery of the deed is assumed by the Seller. In the event that such loss or damage does occur prior to the delivery of the deed, the Seller shall be allowed a reasonable time thereafter, not to exceed thirty (30) days after the date for the delivery of the deed hereunder, within which to repair or replace such loss or damage. In the event the Seller does not repair or replace such loss or damage within said time, the Buyer shall have the option:

A. of terminating this Contract in which event all sums paid on account hereof, or advanced costs, if any, are in fact incurred by the Buyer, shall be paid to the Buyer without interest thereon. Upon receipt of such payments this Contract shall terminate and become null and void and all further claims and obligations between the parties hereto, by reason of this Contract, shall thereupon be released and discharged;

B. of accepting a deed conveying said premises in accordance with all the other provisions of this Contract, upon payment of the aforesaid purchase price and of receiving the benefit of all
insurance monies recovered or to be recovered on account of such loss or damage, less the amount of any monies actually expended by the Seller on said repairs.

Written notice of Buyer's exercise of either of these options shall be given by the Buyer to the Seller by mail, directed to the Seller at his address as hereinbefore written, within five (5) days after the expiration of the time provided hereunder for Seller to repair or replace the loss or damage.

6. **TITLE**

If, upon the date of closing of title as hereinafter provided, the Seller shall be unable to convey to the Buyer a good and marketable title to the premises, subject only as aforesaid, the Seller shall have a further period of thirty (30) days within which to perfect title. It is mutually understood and agreed that no matter shall be construed as an encumbrance or defect in title so long as such matter is not construed as an encumbrance or defect under the Standards of Title of the Connecticut Bar Association, where applicable, or where a policy of title insurance can be obtained at Buyer's expense at no additional premium without any exception for the presumed title defect. If, at the end of said period, Seller is still unable to convey good and marketable title to the premises subject only as aforesaid, the Buyer may elect to accept such title as the Seller can convey upon the payment of the purchase price as aforesaid, or may refuse to accept the deed of
conveyance. Upon such refusal all sums paid on account hereof, together with the reasonable fees for the examination of the title to the premises, if any are in fact incurred by the Buyer, shall be paid to Buyer. Upon receipt of such payments this Contract shall terminate and become null and void and all further claims and obligations between parties hereto, by reason of this Contract, shall thereupon be released and discharged.

7. REPRESENTATION

Seller represents, in order to induct Buyer to enter into this Contract, unless otherwise stated, at the time of closing of title that:

A. There shall exist no violations of any governmental rules, regulations or limitations, including provisions of any ordinance, municipal regulation, including planning and zoning and applicable building and/or health codes, or public or private law, relating to the premises being conveyed herein, including any building, appurtenances, fixture or system located thereon.

B. There shall exist no violations of any restriction, covenant, agreement or condition affecting the premises being conveyed, as provided herein.

C. Seller is record owner in fee simple of the premises being conveyed herein.

D. There are no municipal or state assessments imposed on said premises, and there have been no municipal improvements made
for which an assessment has been or will be levied, except as specifically set forth herein.

E. There are no current pending or threatened administrative or legal actions against the Seller under any hazardous waste, pollution, or other environmental law or regulation and that the Seller has not received any notice from any state, federal or local governmental authority to the effect that it may not be in full compliance with any hazardous waste, pollution or other environmental law or regulation. Seller further represents that there are no hazardous or toxic substances on the subject property.

8. CLOSING

The closing shall be held ten (10) days after the expiration of any appeal periods for all of the town reviews and approvals required and Probate Court approval and take place at the offices of Avena & Kepple, LLC, 20 South Anguilla Road, Pawcatuck, Connecticut, or at such other place or time as may be mutually agreed upon by the parties hereto upon payment of the aforesaid purchase price, but no later than February 25, 2020, without the written consent of both parties.

9. DEFAULT

In the event the Buyer is in default by reason of failure or refusal to comply with any of the terms of the Contract, the Seller may cancel this Contract and retain all payments paid to the escrow
agent as liquidated damages to compensate the Seller for actual reasonable attorney's fees, miscellaneous costs incidental to the sale, loss of time in securing a Buyer and for other cause and damages incapable of exact determination such as, but not limited to, expenses incurred in the continued maintenance of the property, taxes, interest and insurance, damages incorrect in the removal of the property from the real estate market during the period of this Contract, inconvenience of relisting the Premises for sale, additional legal fees, and loss of interest income on the balance of the purchase price and/or enforcement of this contract according to law or equity.

If the Seller shall default, the Buyer may enforce this Contract according to law or equity, except that the Seller's failure to perform as a result of title defects and/or loss or damage to the property prior to closing shall be governed by the provisions of Paragraphs 5 and 6 of this Contract.

10. COMPLIANCE

The delivery of the deed and closing of title shall constitute full compliance by the Seller with all of the terms, covenants, conditions and representations contained herein or connected with this transaction, with the exception of the warranties and covenants of the warranty deed and any other obligations expressly stated herein to survive the delivery of the deed.
11. **ENVIRONMENTAL STUDY**

Seller shall provide Buyer with all environmental studies and tests performed in his possession on said premises for any contamination, spill, or leak, within two (2) weeks of the date of both parties signing this agreement. As used herein, the term "waste material" shall mean any "solid waste," "hazardous waste," or "hazardous substance," as such terms are defined by the Resource Conservation and Recovery Act of 1980, as amended, the Comprehensive Environmental Response Compensation and Liability Act of 1980, as amended, or any other federal, state or municipal law, regulations, or guideline; tort, contract or common law; any mixture of sewerage or other waste material that passes through a sewerage system to a treatment facility.

Buyer reserves the right to further inspect and conduct additional studies and testing on the premises during the period prior to closing. If any waste material is discovered in, on, or beneath the real property as a result of said testing and inspection, Buyer may, by written notice given to Seller or Seller's attorney, elect to terminate this Agreement or perform it according to its tenor. Should Buyer elect to terminate this Agreement pursuant to this paragraph, Seller shall immediately return to Buyer all monies deposited with Seller or Seller's attorney pursuant to this Agreement and this Agreement shall be null and void, of no further force or effect, and neither party shall have any rights, in law or equity, against the other.
The terms of the aforesaid are to apply and bind the heirs, executors, administrators, successors and assigns of the respective parties.

Wherever the same shall apply, the singular shall include the plural, and the use of any gender shall be applicable to all genders.

12. **CONDITION OF THE PREMISES**

The parties agree that the property is to be vacant at the time of closing and that no tenants or rights to occupy by any tenants shall exist at the time of closing.

13. **COMMISSION**

The real estate agent in this transaction is Partner Network Real Estate which commission shall be paid by Seller.

[The rest of this page is intentionally left blank. Signature page to follow.]
IN WITNESS WHEREOF, the parties have hereunto set their hands and seals the day and year first above written.

RE: APPLICATION #PL-20-1 – 13 Parkway Drive – Acquisition of Land

Dear Mr. Brule:

At a meeting on January 13, 2020, the Planning & Zoning Commission took the following action in regard to the above referenced application:

APPROVED: #PL-20-1 – Request of the Town of Waterford Board of Selectmen for municipal improvement in accordance with Section 8-24 of the Connecticut General Statutes to accept the property located at 13 Parkway Drive for recreation and open space purposes.

This approval and attached minutes constitutes a report required under CGS 8-24 of the Connecticut General Statutes. A copy of this letter should be included with any request for funds or authorization for grant applications. If you have any questions, please do not hesitate to call this office.

Sincerely,

Joseph Bunkley, Chairman
Planning & Zoning Commission

RE: Proposed Beach Parking Fee Increase

Tom:

We respectfully asked to be placed on the call of the February 3, 2020 Representative Town Meeting for consideration of approving increases to the beach parking fees.

The State of Connecticut legislature has repealed the sales tax exclusion for municipal seasonal parking lots. This will obviously have an impact on our seasonal operations at our Town beaches. The Finance Department Accountant, Ginney Bielucki, assisted with the process of determining how to include the tax and account through our daily deposit. We are very grateful for the assistance with the attachment provided by the Finance Department to show the breakdown of the new tax and fees.

As you will see, fees were rounded up in order to avoid operational issues at the Gatehouse with regards to loose coin transactions potentially causing delays at the park entrance.

Again, these fees would be going into effect for the upcoming 2020 beach season beginning with weekends starting on Memorial Day and then full time operations starting the second Saturday in June (June 13th).

Thank you for your time and consideration.

CC: Traci Santos, Commission Chair
     Rob Brule, First Selectman
     David Campo, Town Clerk

Waterford Utility Commission
2019 - Annual Report

Introduction

The Waterford Utility Commission is established under Town Charter 4.1 with power and duties prescribed by Special Act No. 172 of 1963 and by Chapter 103 of the Connecticut General Statutes. The duties, composition, management, and other obligations and responsibilities of the Commission are further established under Chapter 2.84 of the Town of Waterford Code of Ordinances. The Representative Town Meeting (RTM) appoints the Utility Commissions' members to four (4) year terms. The Commission consists of five (5) dedicated volunteer residents of the Town with appropriate technical, managerial, financial, and scientific backgrounds in the public and private sector. The Commission is the water pollution control authority (WPCA) for the Town in accordance with the provisions of Section 7-246 of the Connecticut General Statutes Annotated, as amended, and Connecticut General Statues pertaining to municipal utilities.

The Commission is responsible for the development of policy, the implementation of immediate, short, and long-term plans to, among other goals, protect the environment from pollution and wisely utilize the underground and surface water resources for the enjoyment of present and future generations. It implements these plans and develops the goals by designing, constructing, establishing policy, maintaining sewers, residential grinder pumps, and major collection pumping stations. The Connecticut Department of Energy and Environmental Protection (CT DEEP) is the State agency that oversees the wastewater operations side.

The Commission also has a long-term commitment to the provision of a safe and reliable water supply and distribution infrastructure. This involvement includes, but is not limited to, the acquisition of water bearing property, the development of such water sources, the acquisition or securing of alternative sources, designing, constructing, maintaining, and rehabilitating water mains, water booster pump stations, elevated water storage tanks, hydrants and other infrastructure necessary and indispensable to maintain a safe, protected, and reliable drinking water supply. It also includes the necessity to provide service redundancy to our supply system. The Connecticut Department of Public Health (CTDPH) – Drinking Water Section is the state agency that oversees the water operations side. The Connecticut Department of Energy and Environmental Protection (CTDEEP) is the state agency that oversees the wastewater operations side.

This year we will continue the implementation of the comprehensive rehabilitation and retrofitting program for our wastewater infrastructure, following the 15-year capital improvements plan that was developed over ten years ago, revised in 2015, and intended to insure that this infrastructure continues serving the Town in a safe, reliable, and efficient manner. The Utility Commission, together with our engineering consultant, and the Office of the First Selectman, revises this plan on a continuous basis.
Operational Staffing

The Commission employs a staff of 14 [full time] dedicated professionals that specialize in the various activities and skills necessary to implement and conduct the Utility Commission’s [mission critical] duties and responsibilities. Two summer help individuals are employed to take care of the grounds maintenance of our pumping stations, as well as assisting in the maintenance and operations of the wastewater infrastructure. The office staff is responsible for administration, financial procedures, needs, and related requirements, compliance with regulatory issues, survey and data acquisition, construction inspection and wastewater infrastructure maintenance.

The administrative [and clerical] functions include the billing and collection of; all water and sewers assessments, sewer use charges and liens; comply with regulatory mandates, statutes, and ordinances; personnel and staffing related issues; and maintaining a database and records of our water/wastewater infrastructure. The clerical staff is the “customer quality service” front of our department.

The survey division tasks and activities include, developing and conducting some of the work and data gathering procedures necessary for land and easements acquisition, and some of the field work necessary to develop and produce topographic and planimetric maps required for the planning, design, and implementation of projects, and the maintenance of records and map files, including our geographical information system (GIS). The survey division also provides support to all other Town departments requiring these services. This past year we continued the updating of all the land records maps. At this time, besides regular surveying, CBYD, and other field related duties, the remaining surveying division employee is assisting with the data collection and QC for billing purposes. He is also assisting with the inspection of secondary meters.

The construction inspector is responsible for the field inspection and cost control of all Town sponsored (or privately constructed with the intention of becoming public once completed) water and sewer facilities under construction to ensure compliance with technical standards, drawings and specifications, and contract documents. Depending on the workload, the construction inspector provides inspection and quality control services for DPW projects, as needed. Our inspector is assisting with the inspection of the installation of utilities related to the new Municipal Complex.

The wastewater infrastructure maintenance staff is the group responsible for the reliable and efficient operation of approximately 145 miles of sewers and force mains, twenty-eight (28) wastewater pump stations, over 3,500 manholes, and 107 residential grinder pumps. This highly technical, knowledgeable, and dedicated group is available 24/7 to address any problem or any customer related issue that may occur. Besides their normal responsibilities, this group has been instrumental in providing data and assisting our consultant in identifying the needs and weaknesses of our wastewater infrastructure during the development and updating of a comprehensive rehab and retrofitting plan.

The Utility Commission is represented at the Information Technology Committee, the Emergency Management Committee, the Communications Committee, the Water Utilities Coordinating Committee (WUCC), the Southeastern Connecticut Regional Wastewater Management Plan Development Group, and the Municipal Complex Phase II Improvements Building Committee. We are also working together with the City of New London and the Town of East Lyme in developing a plan to address the issues detailed on the Draft Order from CTDEP to our communities related to the Piacenti Wastewater Treatment Facility (WWTF). Furthermore, we are also working with both communities on providing accommodations for wastewater discharges originating from some of the beach communities in the Town of Old Lyme to discharge into the New London WWTF.
All employees are part of a fully integrated Utility Commission team working on the daily operational basis under the direction of the Assistant Director, and under the general direction of the Chief Engineer as the department head.

*Planning, Design and Construction*

2019 Planning Activities

- **Continuous Implementation of the Capital Improvements Program** — this entails the continuous revision and updating of the water and wastewater capital improvements program to reflect the needs of our community and to pursue the goals and responsibilities of the Utility Commission.

- We also continue with the investigation of I/I sources, the planning of necessary improvements and funding strategies for the remaining pump stations. The utilization of the CCTV equipment for the inspection and evaluation of our sewers is providing valuable information on the condition of our sewers and the areas that need to be prioritized for I/I control and continuous maintenance.

- Planning activities also include: the installation of in-line grinders to shred solids discharged into the collection system; the replacement of air-release valve at various force main locations; the rehab of the Old Norwich pumping station as the last cast-in-place station that remains to be rehabbed, and; together with our on-call contractor, the implementation of an aggressive I/I control program. We are also in the process of bringing the HVAC climate control system at the Evergreen PS to meet it to NFPS standards.

- The planning stage has been initiated for the retrofitting of power supply to the Crystal Mall PS. This is being pursued so that the Town (through the Utility Commission) has complete control of that station.

- The planning process for the installation of a 4th pump at the Evergreen PS has been initiated and funding requested on the FY21 CIP. The Evergreen PS is our biggest station, handling flows from all Waterford, parts of New London, East Lyme, and (in the future) part of Old Lyme.

- We are in the process of retrofitting the control panel for the Gorman-Rupp PS to eliminate our dependence on proprietary equipment, and have this component into a more open architecture.

- On the water side, we are planning for the replacement of water pipes at the Pleasure Bench area. This program was initiated about ten years ago. Due to the poor quality of the pipe used at the area a significant number pipe failures have been identified through the years. In order to have a reliable water system at the area, a program intended for the replacement of pipes was developed about eight years ago; however, because of other project having a higher priority, this program has not been fully implemented. The design phase is completed; however, due to limited funding and lower priority of this project, funding has not been aggressively pursued.

- Due to the limited availability of funding, the decommissioning of the Bartlett Corner’s drinking water PS has been placed on a lower priority. We will continue working with the
Planning Department (input from the Finance Department will be requested as the project develops) to implement the decommissioning plan and infrastructure disposal.

- The Fargo Road water tank was inspected by Lenard Engineering and its rehab (minor structural work, and the coating of the tank) is in the planning/design stages. Funding of $400,000 was requested under FY 19 CIP, and $450,000 under FY20 for this work. Although no funding was approved on the FY19 and FY 20 CIP, it is being requested again on FY21 CIP.

2019 Design Activities

- Water

1. The Utility Commission staff, together with Lenard Engineering, continuously reviews the town’s current water system improvements and requirements; together with our future needs in effort to develop a comprehensive improvement program and budget estimate. The scope of this project consists of the review and inspection of all town water system assets including water storage tanks, pump stations and piping. This activities are also intended to meet CTDPH regulation regarding the operation and conditions of the water infrastructure.

2. We continue with the implementation of a leak detection program to minimize unaccounted water. In coordination with DPW, areas intended to be paved or rehabilitated will be (are being) given priority regarding the leak detection program. Based on their road rehab and paving schedule, we identify roads for leak detection prior to, during, and after the roads are rehab or paved. This will minimize the possibility of re-opening the road(s) if a water leak occurs.

3. Wastewater Sewer System Rehabilitation Program

The Utility Commission developed [and updates as necessary] an ambitious and aggressive plan to retrofit and rehabilitate our wastewater infrastructure. The areas to be addressed are: retrofitting and rehabilitation of our pumping stations.

To date, we have conducted evaluations within the Pleasure Beach and other areas, we have inspected over 40,000 linear feet of sewer main via closed circuit video. We have performed house to house inspections within the sewer shed and conducted smoke testing to locate improper connections to the sewer system.

With our CCTV equipment, this program is being performed and controlled as the needs and priorities arrive. The construction of a grit disposal station was an integral component on the success of this program.

These past years we conducted preliminary studies at that sewer area contributing flow to the Harvey Ave. Pump station. It is the purpose of these studies to located I/I points, to estimate their contribution to the total flows sent to the New London Treatment Plant, and to eliminate these points. This will assist us in the reduction on treatment costs and energy use at our pumping stations. This coming year we will proceed with more detailed evaluations. We are now in the process of, with the help of our on-call contractors, and taking advantage of economies of scale, commence the rehab and those areas identified to
exhibit significant I/I.

At the Office-

The Utility Commission has the ability of accepting on line payments with credit or debit cards. Also, electronic bank checks are being “intercepted” and directly posted to reduce the tedious process of manual posting of electronic bank checks, as well as minimizing exposure to human error. Credit card payments are not accepted at the window, but on-line only. A link is provided at the Town’s home page www.waterfordct.org or https://www.waterfordct.org/home/pages/pay-bills

2019 Construction Activities

Buildings and Electro-mechanical Equipment

Maintenance

Besides the normal and extensive preventive maintenance and some repair activities associated with our infrastructure, the Utility Commission field maintenance division is responsible for the building and grounds maintenance of all 28 wastewater pumping stations. This program includes the re-siding of the buildings housing the pump stations. This work is done by our own maintainers; saving the Town a significant amount of dollars as compared with the cost associated with outside contractors. The landscaping grounds maintenance of the facilities is also the responsibility of our field staff. Also, the upgrading of electrical control panels and equipment is being done on a continuous basis. Our in-house staff is also systematically replacing the pumps at those Gorman-Rupp pumping stations where the pumps have, more than exceeded, their life expectancy, and their reliability and efficiency are being jeopardized.

We completed the installation (implementation) of five flow monitoring devices at those areas in Town where wastewater flows from Waterford to New London and New London to Waterford. These areas are: the Evergreen PS, the East Neck PS, Chester St., and the Charter Oak Credit Union. We are also replacing the existing meter at Mago Point with a Doppler meter to monitor flows coming from west of the Niantic River (East Lyme). This will provide a more accurate figure on the flows that come from New London and East Lyme into the Waterford sewers collection system.

Supervisory Control and Data Acquisition (SCADA)

Our SCADA system is being upgraded to incorporate needs that as O&M operations require, and it will provide more precise information of the activities on the field and through our pumping stations. We are also implementing measures that will make our SCADA “fail safe” in the event that internet is lost at our central monitoring station at our shop. A significant amount of work is also being done for the implementation of (local) sound alarms at our pumping stations. These [sound] alarms are intended to provide redundancy in the event that for whatever reason, our computers network fails to provide alarms via cloud communications.

Rehab of deteriorated manholes and I/I through sewer pipes

As part of I/I mitigation our staff continues the planning, investigations, and repair of on-town roads and cross country manholes, and with the help of a private contractors, various sections of pipes and manholes exhibiting I/I are being sealed to minimize I/I into our collection system.
**Grit Station** - The construction of the grit station last year, was an important component of our I/I investigations/mitigation program by allowing our staff to be more efficient during the investigative stages. This station was built by our own staff for a cost just over $100K, saving the town over $200K based on the bid received for this project.

**Wet Wells Hatchets** - the retrofitting of wet well hatches at various pumping stations for flood control, as well as meeting OSHA requirements for safety; the replacement of various Gorman-Rupp pumps at pumping stations;

**Sewer Lines**
The grit station continues to be an important asset regarding the maintenance of our infrastructure. No new construction. An emergency repair was done [due to a crack at an elbow] to the force main at the Shore Road PS. Work completed within 8 hours after failure was discovered.

**Water Lines**
No work done by the Town of Waterford.

**Operating Budget(s) (2018-19)**

**Revenues/Expenditures**
The administration, clerical, and the operation and maintenance of the sewerage system are 100% funded through sewer use fees (Enterprise Fund). No revenue is received from the general fund. The wastewater (enterprise) operating budget for 2018-19 was $3,660,333.

**Assessments, rentals, Enterprise, connection fees, and other revenues (FY 18-19)**
In FY 18-19 the Utility Commission collected:
- $4,658 in water assessments, and
- $22,444 in sewer assessments

These assessments collections are forwarded to the General Fund.

The UC also collected:
- $3,715,397 in sewer user charges (enterprise fund), and $50,091 from the Town of East Lyme for the use and depreciation of the Waterford wastewater infrastructure, which went to the WUC Enterprise Fund and the [WUC] EL/Waterford depreciation fund.
- $25,469 from connection fees which went into the WUC Sewer Development and Maintenance Fund
- $73,384 in rental fees which went into the WUC Water Fund.

**Expenditures (FY 18-19)**
- General Fund expenditures were $0
Expenditures from the Enterprise Fund were $3,241,761
Expenditures from the Sewer Development and Maintenance Fund were $218,045
Expenditures from the Water Fund were $59,303
Expenditures from the Capital and Non-Recurring Fund were $57,868
Expenditures from the Capital Improvements Fund were $46,242

FY 2020 Activities

During this [FY 20] year, besides our operational and maintenance responsibilities, we are planning the following projects:

- The evaluation and recommendations for the replacement of the Weimes Rd. and Marilyn Rd. pumping stations (pneumatic ejectors), and the full rehab of the Old Norwich Road pumping station.

- Complete the optimization of our new, fully operational, and reliable SCADA (telemetry) system for our wastewater pumping stations.

- The evaluation of the impact that wastewater from Old Lyme beaches would have on our conveyance system.

- The full evaluation for the rehabilitation of the Old Norwich Road pumping station.

- The compliance with the Waterford/CT Dept. of Health Memorandum of Understanding (MOU).

- The implementation of corrective or mitigating measures intended for the protection of various pumping stations currently vulnerable to flooding.

Operations and Maintenance

The Utility Commission’s operations, maintenance, and office staff is currently responsible for the reliable and safe operation of 28 pump stations, 145 miles of sewers, over 107 grinder pumps; and for the reliable and “top notch” customer service to over 7,000 customers. The maintenance staff operates on a mission critical “around the clock” mode and stand-by status. The construction noted above, and the ongoing implementation of a comprehensive evaluation and retrofitting of our infrastructure, the Utility Commission maintenance staff will realize an increase in physical operational facilities.

Mission

The Commission has been vigorous in its efforts to secure, maintain and optimize our water supplies and related infrastructure, as well as our wastewater infrastructure for the benefit of present and future generations. These efforts include:

- Partnership efforts with the City of New London on developing alternative sources,
- Actively involved in efforts to regionalize water supplies and wastewater infrastructure.
- Evaluation of alternatives for the strengthening of our distribution system to provide reliable and sustainable fire flows,
- Aggressive maintenance program of our drinking water infrastructure,
- Aggressive maintenance, rehabilitation and retrofitting program for our wastewater infrastructure for the enjoyment of future generations.
The Utility Commission continues in its mission to provide superior customer services. We will continue to implement the following business plan:

1. Comprehensive long-term planning
2. Coordination and cooperation with other town departments.
3. Provide leadership in regionalization efforts.
4. Implement appropriate and innovative technologies to improve efficiency.
5. Nurture an atmosphere that is conducive to employee growth, retention of qualified staff, professionalism, and encourage employee response to changes in the activities and needs of the department.
6. Operate using sound and effective business practices, and most efficient technology.

It is important to note that during this past year the region was affected by major weather events. These events caused the loss of power at many locations. The backbone of our sewer collection system is the network of pump stations located throughout the town. These major pump stations together with about 107 individual grinder pumps are dependent on commercial power during their normal functions. Our staff diligently made sure that during those events our pump and individual stations were energized to provide service 24/7. Our dedicated field staff performed their duties flawless and there was no need to by-pass wastewater flows. None of our customers experienced sewage backflows into their property during these events.

**UTILITY COMMISSION MEMBERS:**

- Peter M. Green, Chairman
- Raymond Valentini
- Kenneth Kirkman
